Re: #FARTGATE

Dear Mike,

First time, long time. We heard about the incident yesterday. Personally, I think it's a lot of hot air. But while the Internet debates whether or not this is true, we wanted to make sure that when you need to go, you can go with dignity.

That's why we want to send you a personalized, Mike's On, Advanced Clean 3.0 SpaLet Bidet Seat from American Standard.

The seat comes with an air-shield deodorizer to reduce odors in the bowl. It's designed for unparalleled hygiene and personal comfort, with the dual nozzle SpaLet Bidet Seat directing water to both front and rear areas for a true hands-free experience.

Let us know! We'll hang up and listen.

All the best,

Kelly Kasper
